ASTERS MYSTERY LADY®

Asters Mystery Lady® breeding began in 2004 and have ever since aimed at producing a series of Asters of high quality which will ensure, the consumers are having a good experience. At the same time the series of Asters Mystery Lady® from the growers' point of view are preferably easier to handle during production.

The Asters Mystery Lady® is born to be a star. This Asters line features premium quality Asters varieties. Modern consumers are well informed, and place demands towards both appearance and shelf life, which have been given a high priority in the breeding. With Mystery Lady® we bring quality which ensures the consumers a great experience.
